# Foreword

This British Standard has been prepared under the direction of the Automobile Standards Committee and is technically equivalent to ISO 1103:1976, “*Road vehicles — Caravans and light trailers — Coupling ball — Dimensional characteristics*”, of the International Organization for Standardization. Figure 2 and clauses 3.2, 4 and 5 are new.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

**Compliance with a British Standard does not of itself confer immunity from legal obligations.**

This British Standard, having been prepared under the direction of the Automobile Standards Committee, was published under the authority of the Executive Board on 29 December 1978
