National foreword

This British Standard has been prepared by Technical Committee MCE/22. It is identical with ISO 7876-4:1994 *Fuel injection equipment — Vocabulary — Part 4: High-pressure pipes and end-connections*, published by the International Organization for Standardization (ISO).

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, pages 1 to 6 and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.
