

Tyres and wheels —

Part 4: Rim profiles and dimensions —

Section 3: Off-the-road rims —

Subsection 3.1 Specification for narrow and wide base off-the-road vehicle rims

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the Automobile Standards Policy Committee (AUE/-) to Technical Committee AUE/4, upon which the following bodies were represented:

- Agricultural Engineers' Association
- Automobile Association
- British Industrial Truck Association
- British Pressure Gauge Manufacturers' Association
- British Rubber Manufacturers' Association
- Bus and Coach Council
- Department of Transport
- Freight Transport Association
- Institute of Road Transport Engineers (Incorporated)
- Motor Cycle Industry's Association of Great Britain Ltd.
- Motor Industry Research Association
- National Tyre Distributors' Association
- Retread Manufacturers' Association
- Road Haulage Association Ltd.
- Royal Automobile Club
- Society of Motor Manufacturers and Traders Ltd.

This British Standard, having been prepared under the direction of the Automobile Standards Policy Committee, was published under the authority of the Standards Board and comes into effect on 31 January 1992

National foreword

This Subsection of this Part of BS AU 50, prepared under the direction of the Automobile Standards Policy Committee, is identical with ISO 4250-3:1987 “*Narrow and wide base off-road tyres and rims — Part 3: Rims*”, published by the International Organization for Standardization (ISO). The corresponding tyre details are dealt with in Part 1 (Subsection 3.1). Other Parts of the standard are:

- *Part 1: Tyres;*
- *Part 2: Wheels and rims;*
- *Part 3: Valves.*

Part 4 of BS AU 50 (covering rim profiles and dimensions) has been introduced to assist cross-referencing between tyre specifications and the corresponding rim specifications. Subsections of Part 4 will partially supersede the information contained in BS AU 50-2-1b:1980 which has been amended accordingly.

Cross-references

International Standard	Corresponding British Standard
	BS AU 50 <i>Tyres and wheels</i> Part 1 <i>Tyres</i> Section 3 <i>Off-the-road tyres</i>
ISO 4250-1:1988 (including Amendment 1:1990)	Subsection 3.1a:1991 <i>Specification for narrow and wide base tyre designations and dimensions</i> (Identical)
ISO 4250-2:1991	Subsection 3.2a:1991 <i>Specification for narrow and wide base tyre loads and inflation pressures</i> (Identical)

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, pages 1 to 6, an inside back cover and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.
