National foreword

This British Standard has been prepared under the direction of the Electronic Components Standards Policy Committee. It is identical with EN 100015-4:1993 *Basic specification: Protection of electrostatic sensitive devices — Part 4: Requirements for high voltage environments*, published by the CENELEC Electronic Components Committee (CECC).

This standard should be read in conjunction with BS EN 100015-1:1992 *Basic specification: Protection of electrostatic sensitive devices Part 1. General requirements*.

Other particular requirement Parts are:

BS EN 100015-2, *Requirements for low humidity conditions*.

BS EN 100015-3, *Requirements for clean room areas*.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.
