

Flat products made of steels for pressure purposes

Part 5. Weldable fine grain steels, thermomechanically rolled

The European Standard EN 10028-5 : 1996 has the status of a
British Standard

ICS 77.140.50

Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee ISE/73, Steels for pressure purposes, upon which the following bodies were represented:

- BEAMA Ltd
- British Iron and Steel Producers Association
- Confederation of British Forgers
- Electricity Association
- Energy Industries Council
- Lloyds Register of Shipping
- Power Generation Contractors Association (PGCA (BEAMA Ltd))
- Welding Institute

This British Standard, having been prepared under the direction of the Engineering Sector Board, was published under the authority of the Standards Board and comes into effect on 15 June 1997
