National foreword

This British Standard has been prepared under the direction of the Iron and Steel Standards Policy Committee and is the English language version of EN 10143:1993 *Continuously hot-dip metal coated steel sheet and strip — Tolerances on dimensions and shape* published by the European Committee for Standardization (CEN). It supersedes BS 2989:1992 which is withdrawn.

National annex NC gives the tolerances on dimension and shape for material over 3 mm thick.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.
