Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee ISE/10, Flat rolled steel products, upon which the following bodies were represented:

- British Railways Board
- British Steel Industry
- Cold Rolled Sections Association
- Society of Motor Manufacturers and Traders Ltd.

The following bodies were also represented in the drafting of the standard, through subcommittees and panels:

- British Welded Steel Tube Association
- Coated Metals Limited
- Department of the Environment (Property Services Agency)
- International Tin Research Institute
- Metal Roof Deck Association
- National Association of Steel Stockholders
- National Centre of Tribology
- Paintmakers' Association of Great Britain Ltd.
- Zinc Development Association

This British Standard, having been prepared under the direction of the Engineering Sector Board, was published under the authority of the Standards Board and comes into effect on 15 April 1996

National foreword

This British Standard has been prepared under the direction of Technical Committee ISE/10 and is the English language version of EN 10149-2 *Hot-rolled flat products made of high yield strength steels for cold forming — Part 2:1995 Delivery conditions for thermomechanically rolled steels*, published by the European Committee for Standardization (CEN).

This British Standard supersedes BS 1449-1.4:1991 and BS 1449-1.10:1991 which are withdrawn.

Cross references
