

Steel wire and wire products for fences —

Part 7: Steel wire welded panels — For fencing

The European Standard EN 10223-7:2002 has the status of a
British Standard

ICS 77.140.65

National foreword

This British Standard is the official English language version of EN 10223-7:2002.

The UK participation in its preparation was entrusted to Technical Committee ISE/26, Steel wire, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this committee can be obtained on request to its secretary.
