

Cold-rolled stainless steel narrow strip and cut lengths — Tolerances on dimensions and shape

The European Standard EN 10258 : 1997 has the status of a British Standard

ICS 77.140.50

National foreword

This British Standard is the English language version of EN 10258 : 1996. It supersedes the requirements for dimensions and shape of cold-rolled narrow strip and cut lengths in BS 1449 : Part 2 : 1983 and in BS 1501 : Part 3 : 1990. Both of these British Standards have been amended.

The UK participation in its preparation was entrusted to Technical Committee ISE/30, Stainless steels, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this committee can be obtained on request to its secretary.

Cross-references

The British Standards which implement international or European publications referred to in this document may be found in the BSI Standards Catalogue under the section entitled 'International Standards Correspondence Index', or using the 'Find' facility of the BSI Standards Electronic Catalogue.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

This British Standard, having been prepared under the direction of the Sector Board for Engineering, was published under the authority of the Standards Board and comes into effect on 15 September 1997

Amendments issued since publication

Amd. No.	Date	Text affected
9862	January 1998	Indicated by a sideline in the margin

ICS 77.140.50

Descriptors: Iron- and steel products, cold rolled products, strip, stainless steel, designation, delivery condition, dimensional tolerances, form tolerances, measurements

English version

Cold-rolled stainless steel narrow strip and cut lengths — Tolerances on dimensions and shape

Feuillards ou feuillards coupés à longueur en acier
inoxydable laminés à froid — Tolérances sur les
dimensions et la forme

Kaltband und kaltband in Stäben aus
nichtrostendem Stahl — Grenzabmaße und
Formtoleranzen

This European Standard was approved by CEN on 1997-01-26. CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Czech Republic, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.

Foreword

This European Standard has been prepared by Technical Committee ECISS/TC 23, Steels for heat treatment, alloy steels and free-cutting steels — Qualities, the secretariat of which is held by DIN.

This European Standard shall be given the status of a national standard, either by publication of an identical text or by endorsement, at the latest by November 1997, and conflicting national standards shall be withdrawn at the latest by November 1997.

It is the first edition of a European Standard for tolerances on dimensions and shape for cold-rolled stainless steel narrow strip and cut lengths.

According to the CEN/CENELEC Internal Regulations, the national standards organizations of the following countries are bound to implement this European Standard: Austria, Belgium, Czech Republic, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and the United Kingdom.
