National foreword

This British Standard is the UK implementation of EN 10357:2013. It partially supersedes BS 4825-1:1991+A2:2009, specifically those parts which relate to welded tubes only. BS EN 10357:2013 does not cover seamless tubes.

The UK participation in its preparation was entrusted to Technical Committee ISE/110, Steel Tubes, and Iron and Steel Fittings.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
