

Adhesives — Examination and preparation of samples for testing

The European Standard EN 1067:2005 has the status of a
British Standard

ICS 83.180

National foreword

This British Standard is the official English language version of EN 1067:2005. It supersedes BS EN 1067:1998 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee PRI/52, Adhesives, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this committee can be obtained on request to its secretary.
