National foreword

This British Standard has been prepared by Technical Committee CCM/49, and is the English language version of EN 1153:1995 *Kitchen furniture — Safety requirements and test methods for built-in and free standing kitchen cabinets and work tops* published by the European Committee for Standardization (CEN). It partially supersedes BS 6222-2:1992 and the conflicting clauses will be deleted by amendment.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.
