National foreword

This British Standard has been prepared by Technical Committee CII/37 and is the English language version of EN 1236:1995 *Fertilizers — Determination of bulk density (loose)* published by the European Committee for Standardization (CEN). It supersedes BS 5551-3.1:1993, which is now withdrawn.

It was derived by CEN from ISO 3944:1992 published by the International Organization for Standardization (ISO).

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.
