

Protective gloves for welders

The European Standard EN 12477:2001, with the incorporation of amendment A1:2005, has the status of a British Standard

ICS 13.340.40

National foreword

This British Standard is the official English language version of EN 12477:2001, including amendment A1:2005.

The start and finish of text introduced or altered by CEN amendment is indicated in the text by tags **A1** **A1**. Tags indicating changes to CEN text carry the number of the CEN amendment. For example, text altered by CEN amendment A1 is indicated in the text by **A1** **A1**.

The UK participation in its preparation was entrusted by Technical Committee PH/3, Protective clothing, to Subcommittee PH/3/8, Protective gloves, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this subcommittee can be obtained on request to its secretary.

Additional information

The sub-committee PH/3/8 takes the view that in clause 5, the term “materials” should be interpreted as “material assemblies”.
