National foreword

This British Standard is the English language version of EN 1264-1 : 1997.

The UK participation in its preparation was entrusted to Technical Committee RHE/6, Air or space coolers or coolers without combustion, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this committee can be obtained on request to its secretary.

Cross-references

The British Standards which implement international or European publications referred to in this document may be found in the BSI Standards Catalogue under the section entitled 'International Standards Correspondence Index', or by using the 'Find' facility of the BSI Standards Electronic Catalogue.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, the EN title page, pages 2 to 8, an inside back cover and a back cover.

This European Standard was approved by CEN on 1997-07-11. CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Czech Republic, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.

Foreword

This European Standard has been prepared by Technical Committee CEN/TC 130, Space heating appliances without integral heat sources, of which the Secretariat is held by UNI.

This European Standard shall be given the status of a national standard, either by publication of an identical text or by endorsement, at the latest by February 1998, and conflicting national standards shall be withdrawn at the latest by February 1998.

According to the CEN/CENELEC Internal Regulations, the national standards organizations of the following countries are bound to implement this European Standard: Austria, Belgium, Czech Republic, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and the United Kingdom.

Contents

	Page
Foreword	2
Introduction	3
1 Scope	3
2 Normative references	3
3 Definitions	3
3.1 floor heating installation	3
3.2 nominal heat loss of a floor heated room ($Q_{N,f}$)	3
3.3 design thermal output (Q_H)	3
3.4 nominal indoor room temperature (θ_i)	3
3.5 heating floor area	3
3.6 furniture area	3
3.7 peripheral area	3
3.8 residence area	3
3.9 supplementary heating equipment	3
3.10 floor heating components	3
3.11 types of floor heating structures	4
3.12 thermal output	4
3.13 floor surface temperatures	5
3.14 temperatures of the heating medium	5
3.15 temperature drop (σ)	5
3.16 design heating medium flow rate (m_h)	5
3.17 characteristic curves	5
