

Textile floor coverings — Assessment of impregnations in needled floor coverings by means of a soiling test

ICS 59.080.60

National foreword

This British Standard is the UK implementation of EN 1269:1997+A1:2007. It supersedes BS EN 1269:1997, which is withdrawn.

The start and finish of text introduced or altered by amendment is indicated in the text by tags. Tags indicating changes to CEN text carry the number of the CEN amendment. For example, text altered by CEN amendment A1 is indicated by A1 A1.

The UK participation in its preparation was entrusted to Technical Committee PRI/3, Textile floor coverings.

A list of organizations represented on this committee can be obtained on request to its secretary.

When the standard was at the prEN Formal vote stage, the UK voted against it because it considers that, a precision clause is needed. This clause should refer to any available interlaboratory trial results obtained using methods A and B.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Board and comes into effect on 15 July 1997
