Adhesives for leather and footwear materials — Determination of colour change of white or bright coloured leather surfaces by migration

National foreword

This British Standard is the UK implementation of EN 12705:2011. It supersedes BS EN 12705:2000, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee PRI/52, Adhesives.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
