National foreword

This British Standard is the UK implementation of EN 12844:1998. Together with BS EN 1774:1997 it partially supersedes BS 1004:1972 and DD 139:1986 which are withdrawn.

The UK participation in its preparation was entrusted to Technical Committee NFE/8, Zinc and zinc alloys.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Committee and comes into effect on 15 May 1999

Zink und Zinklegierungen — Gußstücke —
Spezifikationen

This European Standard was approved by CEN on 22 October 1998.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Czech Republic, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.

Foreword

This European Standard has been prepared by Technical Committee CEN/TC 209, Zinc and zinc alloys, the Secretariat of which is held by AFNOR.

This European Standard shall be given the status of a national standard, either by publication of an identical text or by endorsement, at the latest by May 1999, and conflicting national standards shall be withdrawn at the latest by May 1999.

This European Standard is one of a series concerning zinc and zinc alloys for foundry purposes.

According to the CEN/CENELEC Internal Regulations, the national standards organizations of the following countries are bound to implement this European Standard: Austria, Belgium, Czech Republic, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and the United Kingdom.

Contents

Foreword	2
1 Scope	3
2 Normative references	3
3 Definitions	3
4 Casting designation	3
4.1 General	3
4.2 Designation by number	3
4.3 Short designation	3
5 Manufacture	3
6 Ordering information	3
7 Requirements	3
7.1 Chemical composition	3
7.2 Additional requirements	3
8 Sampling and analysis	5
8.1 Sampling	5
8.2 Analysis	5
9 Marking and labelling	5
10 Inspection documents	5
11 Rounding of numbers	5
Annex A (informative) Relationship between the zinc alloy designation for castings used in this standard and the corresponding designations previously used in a number of countries	6
Annex B (informative) Properties of zinc alloy die castings at 20 °C	7
Annex C (informative) Recycling mark	8
