# Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee B/541, Wood-based panels, upon which the following bodies were represented:

- APA/Engineered Wood Association
- Association of British Plywood and Veneer Manufacturers
- British Woodworking Federation
- Council of the Forest Industries of British Columbia
- Department of the Environment (Building Research Establishment)
- Finnish Plywood International
- Flat Roofing Contractors Advisory Board
- Forestry Commission
- Furniture Industry Research Association
- Institution of Structural Engineers
- Local Authority Organizations
- Mineral Bonded Board Products Federation
- National Federation of Roofing Contractors
- National House-building Council
- National Panel Products Association
- Royal Institute of British Architects
- Structural Board Association
- Timber Research and Development Association
- Timber Trade Federation
- Wood Panel Products Federation
- Zurich Municipal Building Guarantee

This British Standard, having been prepared under the direction of the Sector Board for Building and Civil Engineering, was published under the authority of the Standards Board and comes into effect on 15 April 1997

# National foreword

This British Standard has been prepared by Technical Committee B/541 and is the English language version of EN 1328 : 1996 *Cement bonded particleboard — Determination of frost resistance* published by the European Committee for Standardization (CEN). EN 1328 was produced as a result of international discussions in which the United Kingdom took an active part.

BS EN 1328 is one of a number of standards which together supersede BS 5669 : Part 4, which will be withdrawn in accordance with CEN Provisions within 6 months of completion of the package of standards covering cement-bonded particleboards. These standards are:

|             |             |
|-------------|-------------|
| BS EN 310   | BS EN 633   |
| BS EN 322   | BS EN 634-1 |
| BS EN 323   | BS EN 634-2 |
| BS EN 324-1 | BS EN 1128  |
| BS EN 324-2 | BS EN 1328  |
| BS EN 325   |             |
