

Breathing system filters for anaesthetic and respiratory use —

Part 2: Non-filtration aspects

The European Standard EN 13328-2:2002, with the incorporation of amendment A1:2003 has the status of a British Standard

ICS 11.040.10

National foreword

This British Standard is the official English language version of EN 13328-2:2002, including amendment A1:2003.

The UK participation in its preparation was entrusted to Technical Committee CH/45, Tracheal tubes and related equipment, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this committee can be obtained on request to its secretary.

Cross-references

The British Standards which implement international or European publications referred to in this document may be found in the *BSI Catalogue* under the section entitled “International Standards Correspondence Index”, or by using the “Search” facility of the *BSI Electronic Catalogue* or of British Standards Online.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, the EN title page, pages 2 to 8, an inside back cover and a back cover.

The BSI copyright date displayed in this document indicates when the document was last issued.

English version

Breathing system filters for anaesthetic and respiratory use - Part 2: Non-filtration aspects

(includes amendment A1:2003)

Filtres pour systèmes respiratoires utilisés en anesthésie et
soins respiratoires - Partie 2: Propriétés autres que la
filtration
(inclut l'amendement A1:2003)

Filter für Atemsysteme zur Anwendung bei Anästhesie und
Beatmung - Teil 2: Aspekte, die nicht die Filtration betreffen
(enthält Änderung A1:2003)

This European Standard was approved by CEN on 8 August 2002, and amendment A1 was approved by CEN on 21 November 2003.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Management Centre or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Management Centre has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Czech Republic, Denmark, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Luxembourg, Malta, Netherlands, Norway, Portugal, Slovakia, Spain, Sweden, Switzerland and United Kingdom.
