

**Harmonized system of quality
assessment for electronic components**

**Blank detail
specification:
C.W. power amplifier
travelling wave tubes
up to 500 watts**

The European Standard EN 135001:1992 has the status of a
British Standard

ICS 31.100

National foreword

This British Standard has been prepared by Technical Committee EPL/39 and is the English language version of EN 113001:1991 *Harmonized system of quality assessment for electronic components — Blank detail specification: C.W. power amplifier travelling wave tubes up to 500 watts*, published by the European Committee for Electrotechnical Standardization (CENELEC) Electronic Components Committee (CECC).

Cross-references

The British Standards which implement international or European publications referred to in this document may be found in the BSI Standards Catalogue under the section entitled “International Standards Correspondence Index”, or using the “Find” facility of the BSI Standards Electronic Catalogue. A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, the EN title page, pages 2 to 10 and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.

UDC:

Descriptors: Quality, electronic components, travelling wave amplifier tubes

English version

Blank Detail Specification: C.W. power amplifier travelling wave tubes up to 500 Watts

Spécification Particulière Cadre:
Tubes amplificateurs à onde
progressive (puissance de sortie
jusqu'à 500 Watts)

Vordruck für Bauartspezifikation:
Dauerstrich-Wanderfeldröhren
für Leistungsverstärker
bis 500 Watt

This European Standard was approved by the CENELEC Electronic Components Committee (CECC) on 14 January 1992. The text of this standard consists of the text of CECC 35001 Issue 1 1977 (with Amdt. 1) of the corresponding CECC Specification. CENELEC members are bound to comply with CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the General Secretariat of the CECC or to any CENELEC member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CENELEC member into its own language and notified to the CECC General Secretariat has the same status as the official versions.

CENELEC members are the national electrotechnical committees of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland, and United Kingdom. The membership of the CECC is identical, with the exception of the national electrotechnical committees of Greece, Iceland and Luxembourg.
