Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee STI/40, Thermally sprayed inorganic finishes, upon which the following bodies were represented:

- Aluminium Federation
- British Iron and Steel Producers' Association
- Ministry of Defence
- Society of Motor Manufacturers and Traders Limited
- Thermal Spraying Association
- Welding Institute

This British Standard, having been prepared under the direction of the Sector Board for Materials and Chemicals, was published under the authority of the Standards Board and comes into effect on 15 December 1996

National foreword

This British Standard has been prepared by Technical Committee STI/40 and is the English language version of EN 1395 : 1996 *Thermal spraying — Acceptance inspection of thermal spraying equipment* published by the European Committee for Standardization (CEN).

Cross-reference

Publication referred to	Corresponding British Standard
EN 1274 : 1996	BS EN 1274 : 1997 ¹⁾ <i>Thermal spraying — Powders — Composition — Technical supply conditions</i>

Compliance with a British Standard does not of itself confer immunity from legal obligations.

¹⁾ In preparation.

ICS 25.220.20

Descriptors: Thermal projections, equipment, acceptability, quality control, workshops, plasma : physics, electric arcs, flames, metal coatings, tests

English version

Thermal spraying — Acceptance inspection of thermal spraying equipment

Projection thermique — Contrôle d'acceptation du matériel de projection thermique

Thermisches Spritzen — Abnahmeprüfungen für Anlagen zum thermischen Spritzen

This European Standard was approved by CEN on 1996-02-10. CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.

Foreword

This European Standard has been prepared by Technical Committee CEN/TC 240, Thermal spraying and thermally sprayed coatings, of which the secretariat is held by DIN.

This European Standard shall be given the status of a national standard, either by publication of an identical text or by endorsement, at the latest by September 1996, and conflicting standards shall be withdrawn at the latest by September 1996.

According to the CEN/CENELEC Internal Regulations, the national standards organizations of the following countries are bound to implement this European Standard: Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland, and the United Kingdom.
