British Standard

ICS 55.160

National foreword

This British Standard is the official English language version of EN 14054:2003.

The UK participation in its preparation was entrusted by Technical Committee PKW/5, Primary and transport packaging, to Subcommittee PKW/5/23, Paper and paperboard packaging, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this subcommittee can be obtained on request to its secretary.

Foreword

This document (EN 14054:2003) has been prepared by Technical Committee CEN /TC 261 "Packaging", the secretariat of which is held by AFNOR.

This European Standard shall be given the status of a national standard, either by publication of an identical text or by endorsement, at the latest by December 2003, and conflicting national standards shall be withdrawn at the latest by December 2003.

This document is derived from work carried out by the European Carton Makers Association (ECMA) which is the federation for the national carton makers associations of Europe. ECMA has produced and refined a coded system for describing carton types and agreement has been reached with CEN that this code may be described in a European Standard.

The ECMA Code can be considered as a standardized system to substitute long and complicated verbal descriptions of cartons by simple symbols internationally understood by all regardless of language and other differences.

Annexes A and B are informative.

According to the CEN/CENELEC Internal Regulations, the national standards organizations of the following countries are bound to implement this European Standard: Austria, Belgium, Czech Republic, Denmark, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Luxembourg, Malta, Netherlands, Norway, Portugal, Slovakia, Spain, Sweden, Switzerland and the United Kingdom.
