Foreword

This document (EN 1429:2013) has been prepared by Technical Committee CEN/TC 336 "Bituminous binders", the secretariat of which is held by AFNOR.

This European Standard shall be given the status of a national standard, either by publication of an identical text or by endorsement, at the latest by December 2013, and conflicting national standards shall be withdrawn at the latest by December 2013.

The main technical changes brought to EN 1429 are as follows:

- Less stringent precision requirements for the weighing scale to be used in 8.2 and Clause 9.
- More accurate definition of dilution procedures for viscous emulsions (8.2.9 and 8.3.8).
- Revision of procedure for determination of the storage stability by sieving (Clause 9).
