

Protective clothing for fire-fighters — Test methods and requirements for reflective clothing for specialized fire-fighting

The European Standard EN 1486 : 1996 has the status of a
British Standard

ICS 13.220.10; 13.340.10

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by Technical Committee PH/3, Protective clothing, to Subcommittee PH/3/2, Clothing for protection against heat and flame, upon which the following bodies were represented:

- BAA plc
- British Apparel and Textile Confederation
- British Clothing Industry Association
- British Iron and Steel Producers' Association
- British Leather Confederation
- British Measurement and Testing Association
- British Textile Technology Group
- Chemical Industries Association
- Civil Aviation Authority
- Confederation of British Wool Textiles Limited
- Health and Safety Executive
- Home Office
- Institute of Occupational Hygienists
- Institution of Fire Engineers
- London Fire and Civil Defence Authority
- Ministry of Defence
- Safety Equipment Association
- Textile Services Association Ltd.
- Trades Union Congress

This British Standard, having been prepared under the direction of the Health and Environment Sector Board, was published under the authority of the Standards Board and comes into effect on 15 February 1997

Descriptors: Work clothing, protective clothing, fire-fighting, design, sampling, safety, hazards, specifications, heat resistant materials, tests, marking, graphic symbols

English version

Protective clothing for fire-fighters — Test methods and requirements for reflective clothing for specialized fire-fighting

Vêtements de protection pour sapeurs-pompiers —
Méthodes d'essai et exigences relatives aux
vêtements réfléchissants pour opérations spéciales
de lutte contre l'incendie

Schutzkleidung für die Feuerwehr —
Prüfverfahren und Anforderungen für reflektierende
Kleidung für die spezielle Brandbekämpfung

This European Standard was approved by CEN on 1996-06-20. CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.
