

BSI Standards Publication

LPG equipment and accessories — Inspection and maintenance of LPG cylinder valves at time of periodic inspection of cylinders

National foreword

This British Standard is the UK implementation of EN 14912:2022. It supersedes BS EN 14912:2015, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee PVE/19, LPG containers and their associated fittings.

A list of organizations represented on this committee can be obtained on request to its committee manager.

Contractual and legal considerations

This publication has been prepared in good faith, however no representation, warranty, assurance or undertaking (express or implied) is or will be made, and no responsibility or liability is or will be accepted by BSI in relation to the adequacy, accuracy, completeness or reasonableness of this publication. All and any such responsibility and liability is expressly disclaimed to the full extent permitted by the law.

This publication is provided as is, and is to be used at the recipient's own risk.

The recipient is advised to consider seeking professional guidance with respect to its use of this publication.

This publication is not intended to constitute a contract. Users are responsible for its correct application.

English Version

LPG equipment and accessories - Inspection and
maintenance of LPG cylinder valves at time of periodic
inspection of cylinders

Équipements pour GPL et leurs accessoires - Contrôle
et entretien des robinets de bouteilles de GPL lors du
contrôle périodique des bouteilles

Flüssiggas-Geräte und Ausrüstungsteile - Inspektion
und Wartung von Ventilen für Flaschen für Flüssiggas
(LPG) zum Zeitpunkt der wiederkehrenden Inspektion
der Flaschen

This European Standard was approved by CEN on 8 May 2022.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the CEN-CENELEC Management Centre or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the CEN-CENELEC Management Centre has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Republic of North Macedonia, Romania, Serbia, Slovakia, Slovenia, Spain, Sweden, Switzerland, Turkey and United Kingdom.

European foreword

This document (EN 14912:2022) has been prepared by Technical Committee CEN/TC 286 “LPG Equipment and Accessories”, the secretariat of which is held by NSAI.

This European Standard shall be given the status of a national standard, either by publication of an identical text or by endorsement, at the latest by December 2022, and conflicting national standards shall be withdrawn at the latest by December 2022.

Attention is drawn to the possibility that some of the elements of this document may be the subject of patent rights. CEN shall not be held responsible for identifying any or all such patent rights.

This document supersedes EN 14912:2015.

This document includes the following significant technical changes with respect to EN 14912:2015:

- alignment with the requirement of paragraph 12 of Packing Instruction P200 of ADR;
- introduction of inspection and refurbishment requirements for pressure relief valves;
- in Clause 3: the update of definitions:
 - periodic inspection;
 - minor repair;
 - in 3.11, in replacement of “working pressure definition”, the addition of “pressure relief valve” (as given in EN 13953:2020);
- in 5.2, the external inspection list has been updated;
- in 6.1, the paragraph has been updated;
- in Clause 7:
 - addition of a paragraph “7.1: General”;
 - deletion of old 7.1.3 paragraph;
 - update of old 7.2 (new 7.3) paragraph.

Users are advised to develop an environmental management policy. For guidance, see the EN ISO 14000 series ([1], [2] and [3]). Users of this document are expected to consult CEN/TS 16765 while implementing its requirements.

This document has been submitted for reference in

- the RID and/or
- the technical annexes of the ADR

NOTE These regulations take precedence over any clause of this document. It is emphasized that RID/ADR are being revised regularly at intervals of two years which may lead to temporary non-compliances with the clauses of this document.
