

Surface active agents — Determination of the active matter content of alkylamidopropylbetaines

The European Standard EN 15109:2006 has the status of a
British Standard

ICS 71.100.40

National foreword

This British Standard was published by BSI. It is the UK implementation of EN 15109:2006.

The UK participation in its preparation was entrusted to Technical Committee CII/34, Methods of test for surface active agents.

A list of organizations represented on CII/34 can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 29 December 2006
