National foreword

This British Standard has been prepared by Technical Committee RHE/5 and is the English language version of EN 153:1995 *Methods of measuring the energy consumption of electric mains operated household refrigerators, frozen food storage cabinets, food freezers and their combinations, together with associated characteristics* published by the European Committee for Standardization (CEN). It supersedes BS EN 153:1990 which is withdrawn.

Cross-reference

Publication referred to	Corresponding British Standard
EN 28187:1991	BS EN 28187:1992 <i>Household refrigerating appliances. Refrigerator-freezers. Characteristics and test methods</i>

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.
