Packaging – Transport packaging for dangerous goods – Comparative material testing of polyethylene grades

National foreword

This British Standard is the UK implementation of EN 15507:2017. It supersedes BS EN 15507:2008, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee PKW/0/4, Packaging - Dangerous Goods.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
