National foreword

This British Standard is the UK implementation of EN 16566:2014.

The UK participation in its preparation was entrusted to Technical Committee STI/28, Paint systems for non-metallic substrates.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

English Version

**Paints and varnishes - Fillers for internal and/or external works -
Adaptation of fillers to European standards**

Peintures et vernis - Enduits de peinture pour travaux
intérieurs et/ou extérieurs - Adaptation des enduits de
peinture aux Normes européennes

Beschichtungsstoffe - Spachtelmassen bei Innen- und/oder
Außenarbeiten - Anpassung der Spachtelmassen an die
europäischen Normen

This European Standard was approved by CEN on 17 April 2014.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the CEN-CENELEC Management Centre or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the CEN-CENELEC Management Centre has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, Former Yugoslav Republic of Macedonia, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden, Switzerland, Turkey and United Kingdom.

Foreword

This document (EN 16566:2014) has been prepared by Technical Committee CEN/TC 139 "Paints and varnishes", the secretariat of which is held by DIN.

This European Standard shall be given the status of a national standard, either by publication of an identical text or by endorsement, at the latest by November 2014, and conflicting national standards shall be withdrawn at the latest by November 2014.

Attention is drawn to the possibility that some of the elements of this document may be the subject of patent rights. CEN [and/or CENELEC] shall not be held responsible for identifying any or all such patent rights.

According to the CEN-CENELEC Internal Regulations, the national standards organizations of the following countries are bound to implement this European Standard: Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, Former Yugoslav Republic of Macedonia, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden, Switzerland, Turkey and the United Kingdom.

Introduction

This European Standard defines the characteristics, specifications, and the corresponding classification of interior and/or exterior fillers, whether in powder or paste form, in aqueous or solvent phase, mono- or multi-component. It completes these by other properties to be specified on a case by case basis.

It identifies the criteria that need to be taken into consideration when it is wished to evaluate the aptitude of a filler system for a particular use in painting and provides a framework for the exchange of this information between manufacturers and users. It is incumbent on the manufacturer to define the appropriate categories related to the intended use and appearance.

The aim of this European Standard is to combine by normative references the use of existing standards complemented, when necessary, with additional and/or modified requirements so that fillers can be described and evaluated under comparable conditions.
