

Harmonized system of quality assessment for electronic components — Blank detail specification — Quartz crystal controlled oscillators (Qualification approval)

The European Standard EN 169201:1995 has the status of a
British Standard

Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee EPL/49, Piezoelectric devices for frequency control and selection, upon which the following bodies were represented:

- Federation of the Electronics Industry
- Institute of Physics
- Institute of Electrical Engineers
- Ministry of Defence
- National Supervising Inspectorate (BSI-PC)

National foreword

This British Standard has been prepared by Technical Committee EPL/49, and is the English language version of EN 169201:1995, *Blank detail specification: Quartz crystal controlled oscillators (Qualification approval)*, published by the European Electronic Components Committee (CECC) of the European Committee for Electrotechnical Standardization (CENELEC).

This standard lists the requirements which shall be included in any detail specification for this type of oscillator.

Detail specifications shall conform to the requirements of this blank detail specification and BS CECC 00111 *Rule of Procedure 11. Specifications* Part 4:1991 *Regulations for CECC detail specifications*.

The British Standard which implements the CECC Rules of Procedure is BS 9000 *General requirements for a system for electronic components of assessed quality* Part 2:1996 *Specification for the national implementation of the CECC system*.

^a In preparation

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, the EN title page, pages 2 to 11 and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.

Descriptors: Quality, electronic components, quartz crystal controlled oscillators

English version

Blank Detail Specification: Quartz crystal controlled oscillators (Qualification approval)

Spécification particulière cadre:
Oscillateurs pilotés par quartz
(Homologation)

Vordruck für Bauartspezifikation:
Quartzoszillatoren
(Bauartanerkennung)

This European Standard was approved on 1993-11-01. CENELEC members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CENELEC member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CENELEC member into its own language and notified to the Central Secretariat has the same status as the official versions.

CENELEC members are the national electrotechnical committees of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.
