**Automotive fuels and fat and oil
derivates - Determination of saturated
monoglycerides content in Fatty Acid Methyl
Esters (FAME) - Method by GC-FID**

National foreword

This British Standard is the UK implementation of EN 17057:2018.

The UK participation in its preparation was entrusted to Technical Committee PTI/13, Petroleum Testing and Terminology.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
