

BSI Standards Publication

# Textiles and textile products — Determination of biocide additives

---

Part 1: 2-Phenylphenol and triclosan, method using liquid chromatography

## National foreword

This British Standard is the UK implementation of EN 17134-1:2024. It supersedes BS EN 17134:2019 which will be withdrawn upon publication of the rest of the series.

The UK participation in its preparation was entrusted to Technical Committee TCI/100, Co-ordination of activities in textiles and clothing.

A list of organizations represented on this committee can be obtained on request to its committee manager.

### Contractual and legal considerations

This publication has been prepared in good faith, however no representation, warranty, assurance or undertaking (express or implied) is or will be made, and no responsibility or liability is or will be accepted by BSI in relation to the adequacy, accuracy, completeness or reasonableness of this publication. All and any such responsibility and liability is expressly disclaimed to the full extent permitted by the law.

This publication is provided as is, and is to be used at the recipient's own risk.

The recipient is advised to consider seeking professional guidance with respect to its use of this publication.

This publication is not intended to constitute a contract. Users are responsible for its correct application.

Textiles and textile products - Determination of biocide  
additives - Part 1: 2-Phenylphenol and triclosan, method  
using liquid chromatography

Textiles et produits textiles - Détermination des  
additifs biocides - Partie 1 : 2-phénylphénol et  
triclosan, méthode par chromatographie en phase  
liquide

Textilien und textile Erzeugnisse - Bestimmung von  
Biozid-Zusatzstoffen - Teil 1: 2-Phenylphenol und  
Triclosan, Verfahren mittels  
Flüssigkeitschromatographie

This European Standard was approved by CEN on 15 April 2024.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the CEN-CENELEC Management Centre or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the CEN-CENELEC Management Centre has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Republic of North Macedonia, Romania, Serbia, Slovakia, Slovenia, Spain, Sweden, Switzerland, Türkiye and United Kingdom.

## European foreword

This document (EN 17134-1:2024) has been prepared by Technical Committee CEN/TC 248 “Textiles and textile products”, the secretariat of which is held by BSI.

This European Standard shall be given the status of a national standard, either by publication of an identical text or by endorsement, at the latest by November 2024, and conflicting national standards shall be withdrawn at the latest by November 2024.

Attention is drawn to the possibility that some of the elements of this document may be the subject of patent rights. CEN shall not be held responsible for identifying any or all such patent rights.

This document supersedes EN 17134:2019.

The main changes compared to the previous edition are listed below:

- the previous edition has been split into 3 parts (Part 3 has not been drafted yet);
- the title has been changed;
- Clause 4 has been rephrased;
- Clause 5 has been rephrased;
- 5.3.1, 5.3.2 and 5.5 have been technically changed and rephrased;
- 6.2 and 6.4 has been technically changed and rephrased;
- 8.1 has been technically changed and rephrased;
- the title of 9.1 has been added;
- in Formula (1), the factors 1 000 of the numerator and denominator have been deleted;
- 9.2 has been added;
- Clause 10 has been amended and rephrased;
- bibliographical reference [1] has been replaced.

This document is Part 1 of the EN 17134 series of standards under the title *Textiles and textile products* — *Determination of biocide additives*:

- *Part 1: 2-Phenylphenol and triclosan, method using liquid chromatography* (this document);
- *Part 2: Chlorophenol-based preservatives, method using gas chromatography*.

Any feedback and questions on this document should be directed to the users’ national standards body. A complete listing of these bodies can be found on the CEN website.

According to the CEN-CENELEC Internal Regulations, the national standards organisations of the following countries are bound to implement this European Standard: Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland,
