

**Harmonized system of quality
assessment for electronic components**

Sectional specification — Connector sets for optical fibres and cables — Type FC

The European Standard EN 186110:1994 has the status of a
British Standard

Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee EPL/86, Fibre optics, upon which the following bodies were represented:

BECCAMA (BEAMA Electrical Cable and Conductor Accessory Manufacturers' Association)

British Approvals Service for Cables

British Cable Makers Confederation

British Telecommunications plc

Department of Trade and Industry (National Physical Laboratory)

ERA Technology Ltd.

Federation of the Electronics Industry

Fibreoptic Industry Association (FIA)

Ministry of Defence

National Supervising Inspectorate (BSI QA)

Optical Sensors Collaborative Association

Society of Cable Television Engineers

This British Standard, having been prepared under the direction of the Electrotechnical Sector Board, was published under the authority of the Standards Board and comes into effect on 15 April 1995

National foreword

This British Standard has been prepared by Technical Committee EPL/86 and is the English language version of EN 186110:1994, *Sectional specification: Connector sets for optical fibres and cables. Type FC*, published by the European Committee for Electrotechnical Standardization (CENELEC) Electronic Components Committee (CECC).

Cross-references

Publication referred to	Corresponding British Standard
EN 186000-1	BS EN 186000-1:1994 <i>Harmonized system of quality assessment for electronic components. Generic specification. Connector sets for optical fibres and cables Part 1: Requirements, test methods and qualification approval procedures</i>
IEC 825	BS EN 60825:1992 <i>Radiation safety of laser products, equipment classification, requirements and user's guide</i>

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, the EN title page, pages 2 to 10, an inside back cover and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.

Descriptors: Quality, electronic components, connector sets

English version

Sectional specification:
Connector sets for optical fibres and cables
Type FC

Spécification intermédiaire:
Jeux de connecteurs pour fibres et câbles
optiques
Type FC

Rahmenspezifikation:
Steckverbindersätze für Lichtwellenleiter und
Lichtwellenleiterkabel
Bauart FC

This European Standard was approved by the CENELEC Electronic Components Committee (CECC) on 20 June 1994. CENELEC members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CENELEC member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CENELEC member into its own language and notified to the Central Secretariat has the same status as the official versions.

CENELEC members are the national electrotechnical committees of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom. The membership of the CECC is identical, with the exception of the national electrotechnical committees of Greece, Iceland and Luxembourg.
