

Aerospace series — Test methods — Titanium and titanium alloys —

Part 009: Determination of surface contamination

The European Standard EN 2003-009:2007 has the status of a
British Standard

ICS 49.025.30

National foreword

This British Standard was published by BSI. It is the UK implementation of EN 2003-009:2007.

The UK participation in its preparation was entrusted by Technical Committee ACE/61, Metallic materials for aerospace purposes, to Panel ACE/61/-/49, Titanium and its alloys.

A list of organizations represented on ACE/61/-/49 can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 30 April 2007

English Version

**Aerospace series - Test methods - Titanium and titanium alloys -
Part 009: Determination of surface contamination**

Série aérospatiale - Méthodes d'essais - Titane et alliages
de titane - Partie 009 : Détermination de la contamination
de surface

Luft- und Raumfahrt - Prüfverfahren - Titan und
Titanlegierungen - Teil 009: Bestimmung der
Oberflächenverunreinigung

This European Standard was approved by CEN on 5 October 2006.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the CEN Management Centre or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the CEN Management Centre has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Bulgaria, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden, Switzerland and United Kingdom.
