National foreword

This British Standard has been prepared under the direction of the Paper and Printing Standards Policy Committee and is the English language version of EN 20187:1993 *Paper, board and pulps — Standard atmosphere for conditioning and testing and procedure for monitoring the atmosphere and conditioning of samples*, published by the European Committee for Standardization (CEN). It is identical with ISO 187:1990 published by the International Organization for Standardization (ISO).

It supersedes BS 3431:1973 which is withdrawn.

EN 20187 was produced as a result of international discussion in which the UK took active part.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.
