National foreword

This British Standard has been prepared by Technical Committee ACE/12 and is the English language version of EN 2149:1996 *Aerospace series — Rivets, solid, universal head, in aluminium alloy 5056A, anodized or chromated, inch based series*, published by the European Committee for Standardization (CEN). It supersedes BS EN 2149:1993 which is withdrawn.

EN 2149:1996 was produced as a result of international discussions in which the United Kingdom took an active part.

Cross-references

The British Standards corresponding to the European Standards referred to in the text are identical in number and title with those given in clause 2, with the exception of EN 2117, EN 2345 and EN 2347 for which no corresponding British Standards exist.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, the EN title page, pages 2 to 6, an inside back cover and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.
