Cooperating organizations

The European Committee for Standardization (CEN), under whose supervision this European Standard was prepared, comprises the national standards organizations of the following countries:

Austria	Oesterreichisches Normungsinstitut
Belgium	Institut belge de normalisation
Denmark	Dansk Standardiseringsraad
Finland	Suomen Standardisoimisliito, r.y.
France	Association française de normalisation
Germany	Deutsches Institut für Normung e.V.
Greece	Hellenic Organization for Standardization
Iceland	Technological Institute of Iceland
Ireland	National Standards Authority of Ireland
Italy	Ente Nazionale Italiano di Unificazione
Luxembourg	Inspection du Travail et des Mines
Netherlands	Nederlands Normalisatie-instituut
Norway	Norges Standardiseringsforbund
Portugal	Instituto Português da Qualidade
Spain	Asociación Española de Normalización y Certificación
Sweden	Standardiseringskommissionen i Sverige
Switzerland	Association suisse de normalisation
United Kingdom	British Standards Institution

This British Standard, having been prepared under the direction of the Surface Treatments and Coatings Standards Policy Committee, was published under the authority of the Standards Board and comes into effect on 15 February 1994

National foreword

This British Standard has been prepared under the direction of the Surface Treatments and Coatings Standards Policy Committee and is the English language version of EN 22063:1993 *Metallic and other inorganic coatings — Thermal spraying — Zinc, aluminium and their alloys*, published by the European Committee for Standardization (CEN). It was derived by CEN from ISO 2063:1991, published by the International Organization for Standardization (ISO). It supersedes BS 2569-1:1964 which is withdrawn.

The CEN common modifications have been implemented at the appropriate places in the text and are indicated by a side line in the margin. Parts of the original ISO text that have been modified by CEN have been quoted in national annex NA.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, the EN title page, pages 2 to 12, an inside back cover and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.

Descriptors: Iron and steel products, coatings, protective coatings, metal spraying, zinc coatings, aluminium plating, classification, specifications, tests

English version

Metallic and other inorganic coatings — Thermal spraying — Zinc, aluminium and their alloys

(ISO 2063:1991 modified)

Revetements métalliques et inorganiques —
Projection thermique — Zinc, aluminium et
alliages de ces métaux
(ISO 2063:1991 modifiée)

Metallische und andere anorganische
Schichten — Thermisches Spritzen — Zink,
Aluminium und ihre Legierungen
(ISO 2063:1991 geändert)

This European Standard was approved by CEN on 1993-09-27. CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.

Foreword

This European Standard has been taken over by the Technical Committee CEN/TC 240, Thermal spraying and thermally sprayed coatings, from the work of ISO/TC 107, Metallic and other inorganic coatings, of the International Organization for Standardization (ISO).

CEN/TC 240 has decided to submit the final draft for formal vote by its resolution 19/1992. The result was positive.

This European Standard shall be given the status of a national standard, either by publication of an identical text or by endorsement, at the latest by March 1994, and conflicting national standards shall be withdrawn at the latest by March 1994.

According to the CEN/CENELEC Internal Regulations, the following countries are bound to implement this European Standard: Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland, United Kingdom.
