Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee ACE/25, Rubber and elastomeric materials for aerospace purposes, upon which the following bodies were represented:

- British Adhesives and Sealants Association
- British Hydromechanics Research Group
- British Narrow Fabrics Association
- British Rubber Manufacturers Association Ltd.
- Ministry of Defence
- Society of British Aerospace Companies Limited

This British Standard, having been prepared under the direction of the Engineering Sector Board, was published under the authority of the Standards Board and comes into effect on 15 November 1995

National foreword

This British Standard has been prepared by Technical Committee ACE/25 and is the English language version of EN 2262:1995 *Aerospace Series — Silicone rubber (VMQ/PVMQ) with high tear strength — Hardness 50 IRHD*, published by the European Committee for Standardization (CEN).

EN 2262 was produced as a result of international discussion in which the United Kingdom took an active part.

Cross-references

Publication referred to	Corresponding British Standard
ISO 1629:1987	BS 3502 <i>Symbols for plastics and rubber materials</i> Part 2:1991 <i>Schedule for symbols for rubbers</i>
ISO 1817:1985	BS 903 <i>Physical testing of rubber</i> Part A16:1987 <i>Determination of the effect of liquids</i>

The European Standard EN 3207, referred to in clause 2, is in preparation and there is at present no corresponding British Standard. Preliminary copies of prEN 3207 are available from: BNAE, Techniques 54, 199 rue Jean Jacques Rousseau, 92138 Issy les Moulineaux Cedex, Paris, France.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, the EN title page, pages 2 to 6, an inside back cover and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.
