National foreword

This British Standard has been prepared under the direction of the Non-ferrous Metals Standards Policy Committee and is the English language version of EN 23134-3:1991 “*Light metals and their alloys — Terms and definitions — Part 3: Wrought products*”, which is identical with ISO 3134-3:1985, published by the International Organization for Standardization (ISO). Together with Parts 1, 2 and 4 of the standard, it supersedes BS 3660:1976 which is withdrawn.

The other three Parts of this British Standard are as follows:

BS EN 23134-1, *Light metals and their alloys — Terms and definitions — Part 1: Materials*.

BS EN 23134-2, *Light metals and their alloys — Terms and definitions — Part 2: Unwrought products*.

BS EN 23134-4, *Light metals and their alloys — Terms and definitions — Part 4: Castings*.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.
