National foreword

This British Standard has been prepared under the direction of the Welding Standards Policy Committee and is the English language version of EN 24063:1992 *Welding, brazing, soldering and braze welding of metals — Nomenclature of processes and reference numbers for symbolic representation on drawings*, published by the European Committee for Standardization (CEN). It supersedes Table 10 of BS 499-2:1980 which is deleted by amendment. EN 24063:1992 is identical with ISO 4063:1990 published by the International Organization for Standardization (ISO). EN 24063:1992 was produced as a result of international discussion in which the UK took an active part.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.
