

Metallic powders, excluding powders for hardmetals — Determination of dimensional changes associated with compacting and sintering

The European Standard EN 24492:1993 has the status of a
British Standard

UDC 621.762:669-492.2:620.1:539.379.2

Cooperating organizations

The European Committee for Standardization (CEN), under whose supervision this European Standard was prepared, comprises the national standards organizations of the following countries:

Austria	Oesterreichisches Normungsinstitut
Belgium	Institut belge de normalisation
Denmark	Dansk Standardiseringsraad
Finland	Suomen Standardisoimisliito, r.y.
France	Association française de normalisation
Germany	Deutsches Institut für Normung e.V.
Greece	Hellenic Organization for Standardization
Iceland	Technological Institute of Iceland
Ireland	National Standards Authority of Ireland
Italy	Ente Nazionale Italiano di Unificazione
Luxembourg	Inspection du Travail et des Mines
Netherlands	Nederlands Normalisatie-instituut
Norway	Norges Standardiseringsforbund
Portugal	Instituto Português da Qualidade
Spain	Asociación Española de Normalización y Certificación
Sweden	Standardiseringskommissionen i Sverige
Switzerland	Association suisse de normalisation
United Kingdom	British Standards Institution

This British Standard, having been prepared under the direction of the Iron and Steel Standards Policy Committee, was published under the authority of the Standards Board and comes into effect on 15 June 1993

National foreword

This British Standard has been prepared under the direction of the Iron and Steel Standards Policy Committee and is the English language version of EN 24492:1993 *Metallic powders excluding powders for hardmetals — Determination of dimensional changes associated with compacting and sintering*, published by the European Committee for Standardization (CEN). It is identical with ISO 4492:1985, prepared by Technical Committee 119, Powder metallurgy, of the International Organization for Standardization (ISO) with the active participation of the UK.

This British Standard supersedes BS 5600-2.7:1984 which is withdrawn and from which it differs by the addition of Annex ZA.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, the EN title page, pages 2 to 8, an inside back cover and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.

UDC 621.762:669-492.2:620.1:539.379.2

Descriptors: Powder metallurgy, metallic powder, compression, compacting, sintering, dimensional stability tests, dimensional measurements

English version

Metallic powders, excluding powders for hardmetals — Determination of dimensional changes associated with compacting and sintering

(ISO 4492:1985)

Poudres métalliques à l'exclusion des poudres
pour métaux-durs — Détermination de
changements dimensionnels liés à compression
et au frittage
(ISO 4492:1985)

Metallpulver, mit Ausnahme von
Hartmetallpulver — Ermittlung der
Maßänderungen beim Pressen und Sintern
(ISO 4492:1985)

This European Standard was approved by CEN on 1993-04-02. CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.
