National foreword

This British Standard has been prepared under the direction of the Pigment, Paints and Varnishes Standards Policy Committee. It is identical with ISO 4624:1978 *Paints and varnishes — Pull-off test for adhesion*, published by the International Organization for Standardization (ISO). It supersedes BS 3900-E10:1979, which is withdrawn.

In 1992 the European Committee for Standardization (CEN) accepted ISO 4624:1978 as European Standard EN 24624:1992. As a consequence of implementing the European Standard BS 3900-E10 is renumbered as BS EN 24624:1993. This edition makes no technical changes to the standard.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.
