Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee ACE/64, Aerospace structural reinforced plastics, upon which the following bodies were represented:

- British Plastics Federation
- Ministry of Defence
- Society of British Aerospace Companies

This British Standard, having been prepared under the direction of the Engineering Sector Board, was published under the authority of the Standards Board and comes into effect on 15 August 1997

National foreword

This British Standard has been prepared by Technical Committee ACE/64 and is the English language version of EN 2559:1997 *Aerospace series — Carbon fibre preimpregnates — Determination of the resin and fibre content and the mass of fibre per unit area*, published by the European Committee for Standardization (CEN).

EN 2559:1997 was produced as a result of international discussions in which the United Kingdom took an active part.

Cross-references

The British Standards corresponding to the European Standards referred to in the text are identical in number and title with those given in clause 2.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, the EN title page, pages 2 to 10, an inside back cover and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.

**Aerospace series — Carbon fibre preimpregnates —
Determination of the resin and fibre content and
the mass of fibre per unit area**

Série aéronautique — Préimprégnés de fibres de
carbone — Détermination des teneurs en résine
et en fibres et de la masse surfacique de la
fibre

Luft- und Raumfahrt —
Kohlenstoffaser-Prepregs — Bestimmung des
Harz- und Fasermasseanteils und der
flächenbezogenen Fasermasse

This European Standard was approved by CEN on 1996-08-04. CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

The European Standards exist in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and United Kingdom.
