National foreword

This British Standard reproduces verbatim ISO/IEC 9070:1991 and implements it as the UK national standard.

In 1992 the European Committee for Standardization (CEN) accepted ISO/IEC 9070:1991 as European Standard EN 29070:1992. As a consequence of implementing the European Standard this British Standard is renumbered as BS EN 29070 and any reference to BS ISO/IEC 9070 should be read as a reference to BS EN 29070.

This British Standard is published under the direction of the Information Systems Technology Standards Policy Committee whose Technical Committee IST/18 has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international committee any enquiries on interpretation, or proposals for change, and keep UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

NOTE International and European Standards, as well as overseas standards, are available from BSI Sales Department, BSI, Linford Wood, Milton Keynes, MK14 6LE.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.
