# Cooperating organizations

The European Committee for Standardization (CEN), under whose supervision this European Standard was prepared, comprises the national standards organizations of the following countries:

|                |                                                      |
|----------------|------------------------------------------------------|
| Austria        | Oesterreichisches Normungsinstitut                   |
| Belgium        | Institut belge de normalisation                      |
| Denmark        | Dansk Standard                                       |
| Finland        | Suomen Standardisoimisiitto, r.y.                    |
| France         | Association française de normalisation               |
| Germany        | Deutsches Institut für Normung e.V.                  |
| Greece         | Hellenic Organization for Standardization            |
| Iceland        | Technological Institute of Iceland                   |
| Ireland        | National Standards Authority of Ireland              |
| Italy          | Ente Nazionale Italiano di Unificazione              |
| Luxembourg     | Inspection du Travail et des Mines                   |
| Netherlands    | Nederlands Normalisatie-instituut                    |
| Norway         | Norges Standardiseringsforbund                       |
| Portugal       | Instituto Português da Qualidade                     |
| Spain          | Asociación Española de Normalización y Certificación |
| Sweden         | Standardiseringskommissionen i Sverige               |
| Switzerland    | Association suisse de normalisation                  |
| United Kingdom | British Standards Institution                        |

This British Standard, having been prepared under the direction of the Aerospace Standards Policy Committee, was published under the authority of the Standards Board and comes into effect on 15 September 1994

## National foreword

This British Standard has been prepared under the direction of the Aerospace Standards Policy Committee and is the English language version of EN 3283:1994 *Aerospace series — Bearings, airframe rolling — Rigid single row ball bearings in corrosion resisting steel — Diameter series 8 and 9 — Dimensions and loads*, published by the European Committee for Standardization (CEN).

EN 3283 was produced as a result of international discussions in which the United Kingdom took an active part.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

**Compliance with a British Standard does not of itself confer immunity from legal obligations.**

### Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, the EN title page, pages 2 to 6, an inside back cover and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.
