National foreword

This Part of BS EN 335 has been prepared under the direction of the Technical Sector Board for Building and Civil Engineering and is the English language version of EN 335-1 *Durability of wood and wood-based product — Definition of hazard classes of biological attack — Part 1: General*, published by the European Committee for Standardization (CEN). EN 335-1 was produced as a result of international discussion in which the United Kingdom took an active part.

It is intended that BS EN 335 will consist of the following Parts.

- *Part 1: Classification of hazard classes;*
- *Part 2: Guide to the application of hazard classes to solid wood;*
- *Part 3: Guide to the application of hazard class to wood based panels.*

Part 2 is identical with EN 335-2. Part 3 will be identical with EN 335-3 which is in preparation.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.
