# Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee ACE/14, Aerospace details and parts, upon which the following bodies were represented:

- British Iron and Steel Producers Association
- Civil Aviation Authority (Airworthiness Division)
- Federation of Wire Rope Manufacturers of Great Britain
- Institute of Petroleum
- Ministry of Defence
- Society of British Aerospace Companies

This British Standard, having been prepared under the direction of the Engineering Sector Board, was published under the authority of the Standards Board and comes into effect on 15 January 1997

# National foreword

This British Standard has been prepared by Technical Committee ACE/14 and is the English language version of EN 3612:1996 *Aerospace series — Undercuts for splines — Design standard*, published by the European Committee for Standardization (CEN).

EN 3612:1996 was produced as a result of international discussions in which the United Kingdom took an active part.

### Cross-reference

| Publication referred to | Corresponding British Standard                                                                                                                  |
|-------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------|
| ISO 4156:1981           | BS 6186 <i>Specification for straight cylindrical involute splines: metric module, side fit</i><br>Part 1:1981 <i>Dimensions and tolerances</i> |

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

**Compliance with a British Standard does not of itself confer immunity from legal obligations.**

### Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, the EN title page, pages 2 to 6, an inside back cover and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.
