

Aerospace series — Test methods — Titanium alloy wrought products — Determination of primary α content — Point count method and line intercept method

The European Standard EN 3683:2007 has the status of a
British Standard

ICS 49.025.30

National foreword

This British Standard was published by BSI. It is the UK implementation of EN 3683:2007.

The UK participation in its preparation was entrusted by Technical Committee ACE/61, Metallic materials for aerospace purposes, to Panel ACE/61/-/49, Titanium and its alloys.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 30 April 2007

English Version

Aerospace series - Test methods - Titanium alloy wrought products - Determination of primary α content - Point count method and line intercept method

Série aérospatiale - Méthodes d'essais - Demi-produits corroyés en alliages de titane - Détermination de la teneur en α primaire - Méthode par comptage de points et méthode par interception de lignes

Luft- und Raumfahrt - Prüfverfahren - Kneterzeugnisse aus Titanlegierungen - Bestimmung von Primär- α -Anteilen - Punktzählverfahren und Linienschnittverfahren

This European Standard was approved by CEN on 5 October 2006.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the CEN Management Centre or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the CEN Management Centre has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Bulgaria, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden, Switzerland and United Kingdom.
