

Aerospace series — Bearings, airframe rolling — Rigid single row ball bearings in corrosion resisting steel — Diameter series 8 and 9, reduced internal radial clearance — Dimensions and loads

The European Standard EN 4033:2007 has the status of a British Standard

ICS 49.035

National foreword

This British Standard is the UK implementation of EN 4033:2007.

The UK participation in its preparation was entrusted to Technical Committee MCE/7, Rolling bearings.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.
